A note from CEO John Sherman

In these economic times I know that it is hard to consider using a recruitment service for your critical openings, which is why

we at JSA are willing to work out very low flat fees to earn your business. We have made it our mission not to gouge the industry but to offer fair pricing for the service we provide.

To me this job is about a lot more than tossing resumes around. I started JSA SEARCH after very difficult personal experience putting my Grandmother through a nursing home prior to the OBRA laws being passed. I decided then and there that I wanted to find people who were dedicated to the betterment of the Long Term Care Industry and I have been very active locally and Nationally ever since. If you have a critical search that you need filled, please feel free to call me directly at 626.331.4882 and I would be happy to assist you in any way I can.

Mike Ready – Search Consultant

JSA SEARCH

We all have our favorite facilities and communities to volunteer at and develop a relationship with. Mine has quickly become Brookdale's community in Chino, CA "The Gardens at Hillsborough Village."

Working with the residents means a lot to me personally. My mother is a resident at Sunrise Senior Living in Roseville, MN and has lived there for 6 years. She was diagnosed with Dementia at 58 years old and is now 64. I personally know that the level of care residents experience comes directly from the community's staff. Amenities are great, but excellent care comes from great people.

I have had the pleasure of volunteering at John Golleher's (Executive Director) community twice already. The first time I went with our Vice President of Business Development Barbara Hennessy and we made greeting cards with the residents. We also recently helped support Brookdale's "Keep a Breast" national breast cancer awareness fundraiser by walking with the residents, their families and Staff June 27th. I already have our next visit planned for June 28th!

I really like that JSA gives us the opportunity to volunteer. I have personally seen the intrinsic value in volunteering and seeing how our work impacts people at every level (Staff, Residents, Family Members). We are not just dealing with resumes, but people and their quality of life.

Above and Beyond

"One of my favorite things about working for JSA SEARCH is the volunteer work. When I walk into an activities room and the residents are smiling, ready to craft, it puts a huge smile on my face," says Kevin Thon recruiter for JSA SEARCH. "Why, because they like it!" Thon like all other recruiters here at JSA SEARCH partakes every month in volunteering activities in the Long Term Care Industry. "I enjoy seeing the effects of the people I place everyday. To see the bustle of the nurses station, the activity in the kitchen. Volunteering really gives me an insight to the day to day life of a nursing home employee."

Cindy Lerille, Recruiter at JSA, also recently took place in Pet Therapy at a nursing home in the area. "I became involved in pet therapy when I started working at JSA. John wanted us to truly understand the lives that we were affect-

ing in Skilled Nursing and Assisted Living. Since then I have become certified and I would like to visit any facility that would like me to come visit!" Cindy can be reached at

626-332-5808. It's hard to resist her cute Ginger.

National Assisted Living Week

This upcoming September 13-19 2009, is National Assisted Living Week. For those of us who have had family in Assisted Living, this is a time for Residents, Staff, Volunteers, and Families to remember those in need. You can learn more about how to be a bigger part of this event at www.nalw.org. You can purchase merchandise and other items that will benefit the organization. Show your patients that you care.
